VETERINARY SUPPORT SERVICES

Saying a final goodbye to a beloved pet is a difficult and emotional experience for every member of the family; the professionals at Veterinary Support Services understand this. Having suffered the loss of our dearest companions, we were faced with the same difficult decisions you may now be experiencing. How do we properly say goodbye? How can we give our friend one last gift for the love and loyalty she gave us? We created VSS to give all families the best choice for Pet Aftercare in Maine and New Hampshire.

As pet owners, we treat your pet as a family member.

PRIVATE CREMATION

Private cremation provides you with the opportunity to keep your pet's cremated remains as a permanent and personal keepsake. When you choose private cremation, your treasured pet will be the only pet in the cremation chamber during the cremation process. When the cremation process is complete, we ensure that you receive only the cremated remains of your pet.

COMMUNAL CREMATION

Keeping the memory of your pet close to your heart, a communal cremation offers both peace of mind and solace. With communal cremation, your pet is gently placed into the crematory together with other pets. These cremated remains are not returned to the family. When the cremation process is complete, the communal remains are collected and will be scattered in a private, natural setting. Visitation for communal cremations cannot be accommodated.
